

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1B-2.	Open Invitation for New Members.	
	NOFO Section VII.B.1.a.(2)	

	Describe in the field below how your CoC:
1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
2.	ensured effective communication with individuals with disabilities, including the availability of accessible electronic formats;
3.	invited organizations serving culturally specific communities experiencing homelessness in the geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

1. The two main entities of the CoC are the CoC Board and its stakeholder group, the Homeless Services Network (HSN). New members may join HSN at any point throughout the year and can participate fully in all activities immediately upon joining, including voting privileges. 80+ members attend the monthly HSN meetings. HSN elects two of its members to the CoC Board. HSN and CoC bylaws are publicly available on the CoC website, that spell out membership eligibility and the parameters of their activities. Annually the CoC Governance Committee actively seeks out new CoC Board members who have experience and expertise in areas related to homelessness. Homeless service providers, health and behavioral health providers, housing developers, finance, and legal professionals are also recruited. Special outreach is made to recruit members of the community that are underrepresented in current membership. Membership is encouraged via the 400+ membership email list and current members are encouraged to share the invitation to join with their peers, colleagues and networks they participate in.
2. All HSN activities are accessible for individuals of all abilities and disabilities. Communication is sent via email and meetings are held via Zoom or in accessible locations. Persons with limited vision or hearing can view meetings with closed captioning or dial into meetings using phones. Sign language interpreters are available on an as-needed basis.
3. Among the member representatives of HSN are agencies that are led by staff, and serve BIPOC persons within the geographic area. The Coordinated Entry Oversight Committee has formed an Equity and Inclusion workgroup to ensure that there is equity in accessing housing and services and in program outcomes and diversity within our partner agencies.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section VII.B.1.a.(3)	
	Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;	
2.	communicated information during public meetings or other forums your CoC uses to solicit public information; and	
3.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

(limit 2,500 characters)

1. Homelessness is a complex issue that involves many sectors of the community. The CoC office is centrally located in a high poverty urban area and frequently receives visitors who inquire about the availability of housing and services as they are or know someone who is homeless or at risk of homelessness. Others are looking for how they can play a role in assisting those experiencing homelessness. They are informed of the CoC and its stakeholder group, the Homeless Services Network and receive information about how to join. The CoC convenes and participates in meetings with representatives who have diverse viewpoints about homelessness. Such groups include: Persons with Lived Experience, Chronically Homeless Workgroup, Unsheltered Homeless, Homeless Services Network (HSN, the stakeholder organization for the CoC), Community Health Improvement Workgroup (with Emergency Room staff, physicians, Public Health Leadership, behavioral health professionals), Neighborhood & Business Development, local and national Landlord Associations, and law enforcement. CoC and Coordinated Entry staff convene regular weekly/biweekly meetings with homeless service staff, including front line staff and supervisors, peers, persons with lived experience, and local landlords. Opinions are solicited in these meetings to gain input on current practices, policies and procedures.

2. CoC and Homeless Service Network (HSN) leaders are also members of larger collaborations and task forces such as the Rochester/Monroe Anti-Poverty Initiative, Finger Lakes Regional Economic Development Council, Health Home and Managed Care Initiatives. They ensure that homeless and housing issues are included on these agendas that create new partnerships and can bring additional resources. Via the HSN and the CoC weekly newsletter, the CoC keeps constituents informed of activities and receives public feedback.

3. HSN annually solicits information for the purpose of developing Community Priorities. Based on input from HSN membership 2022 priorities include: creating a landlord/tenant/case worker mediation pilot program to improve communication between all parties and provide an opportunity to address housing retention in the event housing stability is jeopardized, advocating County Dept. of Mental Health to address increased Mental Health needs of homeless, bring Mental Health services on-site to shelters, strategizing how to address staffing shortages within homeless programs.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section VII.B.1.a.(4)	

Describe in the field below how your CoC notified the public:

1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;
2.	about how project applicants must submit their project applications—the process;
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and
4.	how your CoC effectively communicated with individuals with disabilities, including making information accessible in electronic formats.

(limit 2,500 characters)

1.Targeted outreach is conducted to sectors and agencies that have not previously applied for funding, such as the local Department of Health, Community Health Improvement Workgroup, and housing service providers that have not received CoC funding.

2.The CoC Local Application process is open and transparent to all members of community. All materials related to applications are published on the CoC website and all interested parties are encouraged to apply. In addition to public postings, the CoC stakeholders, Homeless Services Network (HSN) will allot time during the public meetings to allow the CoC to reiterate the funding announcement. HSN is comprised of members across all sectors of the community who have an interest in homeless issues. The CoC publishes the announcement in its weekly newsletter that is also sent to the 400+ interested parties via email. Project applicants must submit their project applications via email. Potential applicants are instructed to contact the CoC if they are not able to electronically submit.

3. The impartial Review and Ranking Committee reviews all renewal and new project applications. Once those applications have been received and scored, the full ranked project list is produced. Individual letters are sent to organizations that submitted applications informing them of their score and ranking. The final project ranking is also posted to the CoC website.

4. The CoC communicates with people of all abilities, and utilizes email, phone, TTY and upon request ASL translation. All documents are produced using Office and Adobe and are reviewed for accessibility issues and all documents are posted in pdf format.

1C. Coordination and Engagement

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
 - 24 CFR part 578;

1C-2.	CoC Consultation with ESG Program Recipients.	
	NOFO Section VII.B.1.b.	

Describe in the field below how your CoC:	
1.	consulted with ESG Program recipients in planning and allocating ESG and ESG-CV funds;
2.	participated in evaluating and reporting performance of ESG Program recipients and subrecipients;
3.	provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area; and
4.	provided information to Consolidated Plan Jurisdictions within your CoC's geographic area so it could be addressed in Consolidated Plan update.

(limit 2,500 characters)

1. There are two ESG Recipients in the CoC, the City of Rochester and Monroe County. The City and County combine their ESG allocations and issue a joint RFP annually and chose to do the same with the ESG-CV funding. The CoC and ESG recipients work closely together throughout the year in planning and coordinating homeless housing and services. Both ESG recipients are on the CoC Board and participate on various CoC and Homeless Services Network (HSN) committees. Once ESG-CV funding allocations were announced, planning meetings were held to identify where the greatest needs were and strategized how ESG-CV funding and other COVID related funding would be used in the most effective and efficient way to ensure that crisis response services remained operational for the duration of the pandemic.
2. CoC staff participate in the review and rating of both ESG and ESG-CV applications and ESG recipients sit on the CoC Review and Ranking Committee. The HMIS Lead works with ESG recipients and sub-recipients to ensure that CAPERS which report on performance and complete, accurate, and submitted on time into SAGE. Performance reports using HMIS data are provided for individual projects and reporting groups, i.e., emergency shelters, street outreach, etc.
3. The CoC provides PIT and HIC data to the Consolidated Plan jurisdictions in the CoC geographic area which includes the City of Rochester, Monroe County, and the towns of Greece and Irondequoit.
4. The CoC provides the narrative for the Homeless sections of the Consolidated Plan and the annual Action Plans for each of the jurisdictions in the CoC.

1C-3.	Ensuring Families are not Separated.	
	NOFO Section VII.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported sexual orientation and gender identity:

1.	Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated.	Yes
2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure families are not separated.	No
3.	Worked with ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients.	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance.	Yes
5.	Sought assistance from HUD by submitting AAQs or requesting technical assistance to resolve noncompliance of service providers.	No
6.	Other. (limit 150 characters)	
		No

1C-4.	CoC Collaboration Related to Children and Youth—SEAs, LEAs, School Districts.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate the entities your CoC collaborates with:

1.	Youth Education Provider	Yes
2.	State Education Agency (SEA)	No
3.	Local Education Agency (LEA)	No
4.	School Districts	Yes

1C-4a.	Formal Partnerships with Youth Education Providers, SEAs, LEAs, School Districts.	
	NOFO Section VII.B.1.d.	

Describe in the field below the formal partnerships your CoC has with at least one of the entities where you responded yes in question 1C-4.

(limit 2,500 characters)

The Rochester City School District (RCSD), the largest school district in the CoC and their McKinney Vento liaison is a member of the Homeless Services Network (HSN), the stakeholder group for the CoC. RCSD is a member of the HSN Steering Committee and a member of the CoC Review and Ranking Committee to ensure ongoing communication around educational needs of homeless children in the shelter system who are with their parent(s)/guardian(s) and unaccompanied youth. All CoC and ESG funded projects that serve unaccompanied youth and families with school age children have designated staff that are responsible to ensure that the educational needs of the children are met in a timely manner. These programs have effective relationships with the McKinney Vento liaisons at both the Rochester and suburban school districts, support staff at local community colleges and universities to ensure educational needs are being met. Programs have policies and procedures detailing how youth should be encouraged to remain and/or be connected to educational services.

1C-4b.	Informing Individuals and Families Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section VII.B.1.d.	

Describe in the field below written policies and procedures your CoC adopted to inform individuals and families who become homeless of their eligibility for educational services.

(limit 2,500 characters)

For all CoC and ESG funded programs that serve persons less than 19 years of age, or less than 22 if they have/had an Individualized Education Plan (IEP), the CoC Written Standards require that the programs identify a staff person(s) whose responsibility is to inform participants of their eligibility for educational services; assist as needed with obtaining school supplies, clothing, or other items that are needed to return/stay in school, assist as needed with providing/coordinating transportation so that students miss the fewest number of days as possible at both entry into program and exit. Transportation also includes any after school programs/activities that the student participated in prior to becoming homeless. The two providers of Head Start and Early Head Start are members of the Homeless Services Network and provide information on their programs to the membership.

1C-4c.	Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section VII.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

		MOU/MOA	Other Formal Agreement
1.	Birth to 3 years	No	Yes
2.	Child Care and Development Fund	No	No
3.	Early Childhood Providers	No	Yes
4.	Early Head Start	No	Yes
5.	Federal Home Visiting Program–(including Maternal, Infant and Early Childhood Home and Visiting or MIECHV)	No	No
6.	Head Start	No	Yes
7.	Healthy Start	No	Yes
8.	Public Pre-K	No	Yes
9.	Tribal Home Visiting Program	No	No

1C-5.	Addressing Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors—Collaborating with Victim Service Providers.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC regularly collaborates with organizations who help provide housing and services to survivors of domestic violence, dating violence, sexual assault, and stalking to:	
1.	update CoC-wide policies; and	
2.	ensure all housing and services provided in the CoC are trauma-informed and can meet the needs of survivors.	

(limit 2,500 characters)

1. Willow Domestic Violence Shelter is the licensed Victim Service Provider (VSP) for this geographic area. Willow participates fully in all CoC and Coordinated Entry (CE) activities, including planning, training, and analyzing written policies. Written Standards for CoC and ESG funded programs are reviewed annually by all programs who participate, including the VSP. The CE Oversight Committee convenes subcommittees, one of which is the Training & Process Improvement Committee of which the VSP is a member. Additionally, the CoC worked directly with the VSP to develop a training curriculum for all frontline staff of CoC and ESG programs that provides details of developing safety plans and the current best practices for working with and serving survivors of domestic violence.

2. Most homeless programs provide their staff with training to deliver services in a trauma-informed manner. To supplement training that staff might be receiving from their employer, the CoC has implemented a training platform for all homeless program staff that includes modules about delivering services in a trauma-informed manner. The Coordinated Entry lead agency in the CoC also holds regular training seminars around topics that include trauma-informed care and are taught by mental health care practitioners. These trainings are available to the community free of charge, and CoC and ESG staff are encouraged to enroll.

1C-5a.	Annual Training on Safety and Best Practices to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC coordinates to provide training for:	
1.	project staff that addresses best practices (e.g., trauma-informed, victim-centered) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually); and	
2.	Coordinated Entry staff that addresses best practices (e.g., trauma informed care) on safety and planning protocols in serving survivors of domestic violence and indicate the frequency of the training in your response (e.g., monthly, semi-annually).	

(limit 2,500 characters)

1. The CoC partnered directly with the area’s Victim Service Provider (VSP), Willow Domestic Violence Center, to create a training curriculum tailored specifically for frontline staff of homeless housing and emergency housing programs. As the local experts in best practices for serving survivors of domestic violence, Willow set the expectation for how services should be delivered to this subpopulation. The training is hosted on the CoC’s learning management system (LMS). It is expected that all staff who are employed in CoC and ESG funded programs successfully complete all modules. Through the use of the LMS, the CoC can automatically enroll program staff in the training curriculum and can track the staff person’s progress through the training. This training is required for all staff to successfully complete at least yearly, or whenever the VSP determines it necessary to update the training.

2. There is much overlap between agencies that participate in Coordinated Entry (CE) and those that are partners in the CoC. As a result the staff that participate in CE have typically been enrolled in the CoC learning management system (LMS), which includes a learning course created specifically for homeless services staff by the local victim service provider (VSP), Willow Domestic Violence Center. All CE staff must complete the LMS training yearly. In addition to the LMS training for staff, CE convenes regular communitywide trainings for all participants of CE, to focus on the population of CE users who aren’t staff of CoC or ESG funded programs, such as health home care managers. At the communitywide trainings, CE staff discuss best practices of CE, which includes best practices for various subpopulations, such as survivors of domestic violence.

1C-5b.	Using De-identified Aggregate Data to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

Describe in the field below:

1.	the de-identified aggregate data source(s) your CoC uses for data on survivors of domestic violence, dating violence, sexual assault, and stalking; and
2.	how your CoC uses the de-identified aggregate data described in element 1 of this question to evaluate how to best meet the specialized needs related to domestic violence and homelessness.

(limit 2,500 characters)

1. Using HMIS, the CoC is able to track data on the numbers of persons entering the homeless system that are currently fleeing domestic violence and those that have experienced domestic violence. There is not a comparable database being used at this time. The local Victim Service Provider (VSP), Willow Domestic Violence Center, utilizes a web-based software for their data collection but it is not a comparable database. Willow participates fully in the annual Point in Time (PIT) count, provides data annually on the total number of survivors served as requested by CoC and through their annual report which is published and distributed to the community. Willow staff and supervisors participate in all CoC planning, community stakeholder, and Coordinated Entry activities, which include providing training, evaluating and recommending policies, and partnering with YWCA and Legal Aid Society to operate a DV Rapid Rehousing program to best serve this subpopulation.

2. Willow partners with a CoC-funded agency to operate the Tapestry DV-Rapid Rehousing program. 100% of participants are survivors of domestic violence. Willow provides person-centered, trauma-informed services to the participants while case management services are provided by the YWCA, the housing agency. Legal Aid Society provides legal services. As the local expert in best practices for serving survivors of domestic violence, Willow provides specialized services to participants to ensure safety and create safety plans, advocate with landlords to ensure compliance with the Violence Against Women Act, ensure that the CoC emergency transfer plan is robust to ensure safety, and offer specialized counseling to heal from any traumatic experiences.

1C-5c.	Communicating Emergency Transfer Plan to Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	
	Describe in the field below how your CoC communicates to all individuals and families seeking or receiving CoC Program assistance:	
	1. the emergency transfer plan policies and procedures; and	
	2. the process for individuals and families to request an emergency transfer.	

(limit 2,500 characters)

1. The Case Manager or Housing Specialist would inform the household of the emergency transfer process should the need arise. The emergency transfer plan is part of the Coordinated Entry (CE) operations manual so that program staff are aware of the policy and able to inform their clients. The CoC has implemented an emergency transfer plan in accordance with the Violence Against Women Act (VAWA). This plan identifies tenants who are eligible for an emergency transfer, the documentation needed to request an emergency transfer, confidentiality protections, how an emergency transfer may occur, and guidance to tenants on safety and security. This plan is based on a model emergency transfer plan published by the U.S. Department of Housing and Urban Development (HUD) and is in compliance with VAWA. If a program participant experiences domestic violence and it is determined that their safety is at risk if they remain in the housing unit, they will be transferred to another unit within the program if one is available or will go to the top of the prioritization list if they must transfer to another program.

2. The process by which a household may request a transfer is outlined in the Coordinated Entry (CE) Operations Manual which is provided to all entities who participate in CE. Annual CE trainings are held and are mandatory for all entities who participate in CE. The topic of domestic violence is addressed. The local Victim Service Provider (VSP), Willow Domestic Violence Center is a full participant in all CE activities. VSP staff were involved in writing the portions of the CE operations manual related to DV.

1C-5d.	Access to Housing for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC ensures that survivors of domestic violence, dating violence, sexual assault, or stalking have access to all of the housing and services available within the CoC's geographic area.

(limit 2,500 characters)

The Coordinated Entry (CE) Operations Manual is the guiding document for all CE policies and practices. Per the Manual, all persons who are fleeing, attempting to flee, or experiencing domestic or dating violence, stalking, or sexual assault have immediate and confidential access to available crisis services which are provided by the local Victim Service Provider (VSP) Willow Domestic Violence Center. The VSP participates in CE, which includes assessing survivors for homeless housing programs via the administration of the VI-SPDAT and utilization of the CE Prioritization List. All persons who express a need for VSP services can access the services via Willow's 24/7 hotline which connects the household directly to the VSP. The VSP uses their professional experience to assess the needs of the household and determines whether or not there is a need to refer to other housing and services available within the CoC upon exit from shelter.

1C-5e.	Including Safety, Planning, and Confidentiality Protocols in Coordinated Entry to Address the Needs of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section VII.B.1.e.	

Describe in the field below how your CoC's coordinated entry includes:

1.	safety protocols,	
----	-------------------	--

2.	planning protocols, and
3.	confidentiality protocols.

(limit 2,500 characters)

1. The safety of those experiencing domestic or dating violence is paramount to the delivery of services. All households that are assessed upon entering the homelessness system in the geographic area are screened for safety, and those that identify a safety risk are subsequently referred to the local Victim Service Provider (VSP), which is Willow Domestic Violence Center. The VSP operates a 24/7 hotline that is staffed by professionals in the area of safety planning specifically, and domestic and dating violence. The CoC and Coordinated Entry (CE) rely upon the expertise of the VSP to ensure safety for all DV households, and staff of all programs that participate in CE and/or CoC activities are trained annually on the best practices of safety for survivors of domestic violence. The VSP also recommends the most appropriate housing component for DV households.

2. The local Victim Service Provider (VSP) is Willow Domestic Violence Center. They participate in all CoC and Coordinated Entry (CE) planning activities, including the drafting, approval, and implementation of the CE Operations Manual. The Manual is the guidebook for all CE policies and processes and the VSP ensures that the specific needs of the domestic violence subpopulation are considered.

3. The local Victim Service Provider (VSP) participates in Coordinated Entry, which includes referring households to the Prioritization List. Households engage with the VSP for services and referred to the List anonymously. They are assigned a unique ID to remove all identifying information and to protect confidentiality. Additionally, whenever a household expresses a need to engage with the VSP for services (at any point during their participation with CE or CoC programs) they will be assured of anonymity by the VSP. As the local professionals in delivering services to those experiencing domestic or dating violence, the VSP can be relied upon to ensure all safety and confidentiality best practices are followed.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+--Anti-Discrimination Policy and Training.	
	NOFO Section VII.B.1.f.	

	1. Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
	2. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
	3. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	Yes

1C-6a.	Anti-Discrimination Policy--Updating Policies--Assisting Providers--Evaluating Compliance--Addressing Noncompliance.	
	NOFO Section VII.B.1.f.	

Describe in the field below:

1.	whether your CoC updates its CoC-wide anti-discrimination policy, as necessary, based on stakeholder feedback;
2.	how your CoC assisted providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1. The CoC Anti-Discrimination Policy ensures that all homeless persons including LGBTQ+ individuals and families have equal access, without discrimination, to shelter, housing and supportive services available within the homeless system. The Anti-Discrimination Policy is reviewed at least annually to determine the need for updates/revision or as needed based on stakeholder feedback
2. Upon request, CoC staff can assist providers in developing project level anti-discrimination policies that ensure equal access to their program's housing and services. The assistance could vary from helping them to create a policy to reviewing their existing policy and making recommendations for changes/revisions.
3. CoC staff complete on-site annual monitoring visits to all CoC and ESG funded projects. The program's policies and procedures are reviewed, including the Anti-Discrimination Policy, to assess consistency with the CoC Anti-Discrimination Policy.
4. If the program's policy is inconsistent with the CoC Policy, CoC Staff will make recommendations for changes/revisions. If the CoC was made aware of a situation where there is not equal access to a program's housing and services, the CoC would initiate a conversation with the program to determine the veracity of the claim and assist as needed to resolve the issue. If a timely resolution is not achieved, a corrective action plan may be put in place. Continued non-compliance could result in a loss of funding.

1C-7.	Public Housing Agencies within Your CoC's Geographic Area--New Admissions--General/Limited Preference--Moving On Strategy.

1.	steps your CoC has taken, with the two largest PHAs within your CoC's geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference—if your CoC only has one PHA within its geographic area, you may respond for the one; or	
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.	

(limit 2,500 characters)

1.The Rochester Housing Authority (RHA) and Fairport Housing Authority (FHA) are the two PHAs in the CoC geographic area, with the RHA representing by far the largest number of households served. The RHA's most recent approved Housing Choice Voucher (HCV) Administrative Plan includes preferences for households who meet the definition of homeless. Per the Plan, households on the HCV waiting list will receive an additional 50 'preference points' (the highest number of preference points that could be awarded locally) if they can be confirmed as also being homeless, as confirmed via a cross-match with HMIS information or presentation of homeless verification from a publicly or privately-operated shelter or transitional housing residence.

1D-1.	Discharge Planning Coordination.	
	NOFO Section VII.B.1.h.	

Select yes or no in the chart below to indicate whether your CoC actively coordinates with the systems of care listed to ensure persons who have resided in them longer than 90 days are not discharged directly to the streets, emergency shelters, or other homeless assistance programs.

1. Foster Care	Yes
2. Health Care	Yes
3. Mental Health Care	Yes
4. Correctional Facilities	Yes

1D-2.	Housing First—Lowering Barriers to Entry.	
	NOFO Section VII.B.1.i.	

1.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2022 CoC Program Competition.	35
2.	Enter the total number of new and renewal CoC Program-funded PSH, RRH, SSO non-coordinated entry, Safe-Haven, and Transitional Housing projects your CoC is applying for in FY 2022 CoC Program Competition that have adopted the Housing First approach.	32
3.	This number is a calculation of the percentage of new and renewal PSH, RRH, SSO non-Coordinated Entry, Safe-Haven, and Transitional Housing projects the CoC has ranked in its CoC Priority Listing in the FY 2022 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	91%

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section VII.B.1.i.	

Describe in the field below:

1. how your CoC evaluates every recipient—that checks Housing First on their Project Application—to determine if they are actually using a Housing First approach;
2. the list of factors and performance indicators your CoC uses during its evaluation; and
3. how your CoC regularly evaluates projects outside of the competition to ensure the projects are using a Housing First approach.

(limit 2,500 characters)

1. During the local project application process, applicants are required to answer questions regarding their adherence to Housing First (HF) principles, as well as submit their written program entry and Housing First policies. The Coordinated Entry (CE) Operations Manual contains the definition of HF as it pertains to the projects operating in the geographic area. The definition is developed in conjunction with program, CE, and CoC staff and is used as the standard against which the project’s HF policy is compared. The submissions are reviewed by CoC staff and scored for compliance by the objective, nonconflicted Ranking and Review Committee (Committee). During the renewal project local application process, CE data is analyzed to ensure that the project is receiving 100% of its participants from the CE system, the referrals have an intake appointment scheduled with the project within 14 days of receiving the referral, and entered into HMIS within 72 hours of project entry.

2. Programs are required to submit their written program eligibility criteria as part of the renewal project application. The eligibility criteria is reviewed and compared to the CE HF community standard and full points are awarded for projects that adhere strictly to the community standard. 100% of new projects funded agree to adhere to the HF community standard. Renewal projects are monitored annually by the CoC for adherence to the HF community standard. The primary outcome used to assess compliance with HF is the retention in permanent housing.

3. Coordinated Entry (CE) data is reviewed to see the number of referrals that programs have denied or where program entry dates exceed a reasonable time from the referral date. These could be indicators of programs not utilizing Housing First (HF) principles. CE staff may contact the program to gain more information when these situations occur. ESG and CoC programs are monitored annually by CoC staff. During the monitoring HF policies are reviewed. Case files are also reviewed to ensure HF principles are being followed when any program discharges have occurred. Case conferences are also held for participants that are experiencing housing instability. The case conference process ensures that participants are only being discharged in the most serious of circumstances.

1D-3.	Street Outreach—Scope.	
	NOFO Section VII.B.1.j.	
	Describe in the field below:	
	1. your CoC's street outreach efforts, including the methods it uses to ensure all persons experiencing unsheltered homelessness are identified and engaged;	
	2. whether your CoC's Street Outreach covers 100 percent of the CoC's geographic area;	
	3. how often your CoC conducts street outreach; and	
	4. how your CoC tailored its street outreach to persons experiencing homelessness who are least likely to request assistance.	

(limit 2,500 characters)

1. Street Outreach (SO) uses historical knowledge to canvas locations of the unsheltered. The methods used by SO include: hiring staff who are Persons with Lived Experience (PLE) as well as using Empathy-interview techniques to build a rapport, SO staff have supplies of: food and personal care items to increase engagement and discussing potential housing options immediately. New locations of unsheltered homeless are also learned about via collaboration with community organizations that encounter unsheltered homelessness, such as law enforcement, local business owners, clergy, and community members. After engaging with unsheltered homeless, SO assists homeless individuals with accessing and navigating emergency shelter and Coordinated Entry (CE) systems.
2. SO covers 100% of the area.
3. SO is conducted weekdays and evenings with a schedule of locations they will be at on specific days and time so people will know where they are going to be. When temperatures fall consistently below 32 degrees, additional outreach is conducted to get people into shelter.
4. Street Outreach (SO) focuses on the unsheltered homeless whom may have a myriad of behavioral health issues that often make them less likely to seek assistance. SO hires Person with Lived Experience (PLE) to use their common experience of unsheltered homelessness to locate, engage and build rapport with this population. The use of PLE staff makes it more likely that unsheltered persons that they engage with will share locations of their peers that SO was previously unaware of.

1D-4.	Strategies to Prevent Criminalization of Homelessness.	
	NOFO Section VII.B.1.k.	

Select yes or no in the chart below to indicate strategies your CoC implemented to ensure homelessness is not criminalized and to reverse existing criminalization policies in your CoC's geographic area:

		Ensure Homelessness is not Criminalized	Reverse Existing Criminalization Policies
1.	Engaged/educated local policymakers	Yes	Yes
2.	Engaged/educated law enforcement	Yes	Yes
3.	Engaged/educated local business leaders	Yes	No

1D-6.	Mainstream Benefits—CoC Annual Training of Project Staff.	
	NOFO Section VII.B.1.m.	

Indicate in the chart below whether your CoC trains program staff annually on the following mainstream benefits available for program participants within your CoC’s geographic area:

	Resource	CoC Provides Annual Training?
1.	Food Stamps	Yes
2.	SSI—Supplemental Security Income	Yes
3.	TANF—Temporary Assistance for Needy Families	Yes
4.	Substance Abuse Programs	Yes
5.	Employment Assistance Programs	Yes
6.	Other (limit 150 characters)	

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance.	
	NOFO Section VII.B.1.m	

Describe in the field below how your CoC:

1.	systemically provides up-to-date information on mainstream resources available for program participants (e.g., Food Stamps, SSI, TANF, substance abuse programs) within your CoC’s geographic area;
2.	works with project staff to collaborate with healthcare organizations, including substance abuse treatment and mental health treatment, to assist program participants with receiving healthcare services; and
3.	works with projects to promote SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.

(limit 2,500 characters)

1. The local county Department of Human Services (DHS), created a training curriculum designed specifically for front line staff of homeless housing, emergency shelter, and street outreach programs. The training contains explicit information about eligibility and application for mainstream benefits that are administered via DHS, which includes SNAP, TANF, General Assistance, Emergency Housing, employment/vocational training, transportation assistance, substance use treatment, and mental health support. The training is approved by DHS management and is hosted on the CoC learning management system (LMS). The curriculum is assigned to all staff of CoC-funded programs and CoC tracks participation, with the expectation that 100% of staff enroll and pass.

2. The CoC collaborated with Fidelis Care, a New York based health insurance company, to provide insurance navigation services to ensure all participants in CoC-funded programs have access to healthcare benefits, which include enrollment in mental health and substance use services. Fidelis care has assigned benefit specialists to serve the CoC, and staff of all CoC-funded programs can call their direct phone numbers with their participants and get enrolled in coverage over the phone. Fidelis does not direct participants to select a specific health coverage plan, but instead learns what services the participant needs and finds a plan that meets the requested criteria.

3. The CoC applied for and received ESG-CV funding for a SOAR program. A staff member at the CoC is the SOAR Local Lead for the geographic area and administers technical assistance to homeless program staff who wish to earn their SOAR certification. The CoC tracks how many staff people are SOAR certified, and works to ensure each project has at least 1 SOAR certified staff person

1D-7.	Increasing Capacity for Non-Congregate Sheltering.	
	NOFO Section VII.B.1.n.	

Describe in the field below how your CoC is increasing its capacity to provide non-congregate sheltering.

(limit 2,500 characters)

Lessons learned from COVID have demonstrated the value of having non-congregate shelter options available in the emergency shelter system both for preventing the spread of infectious disease and as a best practice for homeless persons who have been resistant to entering shelter due to the difficulty of living in a congregate setting. Once the FEMA funding for congregate shelter was no longer available, ESG-CV funds were used to continue to provide hotel placements but to a much smaller number of persons. The Monroe County Department of Human Services (MCDHS) has also continued to provide hotel placements on a limited basis when shelter capacity is full or when it is clear a person is not able to tolerate congregate living. MCDHS released an RFP to increase temporary housing options in the community due to increasing demand for emergency housing. One of those programs is a site which provides each person with their own bedroom, though they still share bathrooms, kitchen, and community space. Though not considered non-congregate due to sharing bathrooms, it is definitely a setting that is preferred by the homeless population. The City of Rochester and Monroe County are HOME-ARP recipients. The City and County are partnering with the CoC for planning for the HOME-ARP funding. Based on results of surveys and feedback from the community, the local HOME-ARP RFP will be soliciting applications for the creation of a non-congregate shelter that will have private bedrooms with bathrooms as well as an array of support services that will focus on getting people into permanent housing as quickly as possible.

ID-8.	Partnerships with Public Health Agencies–Collaborating to Respond to and Prevent Spread of Infectious Diseases.	
NOFO Section VII.B.1.o.		
Describe in the field below how your CoC effectively collaborates with state and local public health agencies to:		
1.	develop CoC-wide policies and procedures to respond to infectious disease outbreaks; and	
2.	prevent infectious disease outbreaks among people experiencing homelessness.	

(limit 2,500 characters)

1. The CoC is a member of the Shelter Task Force that was created in March 2020 to address Covid in the Emergency Shelter (ES) system which expanded to include the entirety of the homelessness system. The CoC and the local Department of Health (DOH) and other Task Force members published a manual that is the guiding policy and procedure document for homeless service staff response to infectious disease.
2. The manual created by the Shelter Task Force contains guidance for preventing infectious disease outbreaks in congregate settings and includes measures such as isolation of infected households, decreasing shelter capacity to allow for social distancing, cleaning and sanitation guidance, and transportation to non-congregate settings.

ID-8a.	Collaboration With Public Health Agencies on Infectious Diseases.	
NOFO Section VII.B.1.o.		
Describe in the field below how your CoC effectively equipped providers to prevent or limit infectious disease outbreaks among program participants by:		
1.	sharing information related to public health measures and homelessness, and	

	2. facilitating communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.
--	---

(limit 2,500 characters)

1. An Emergency Shelter Leadership workgroup was formed as a subgroup of the Shelter Task Force. The group continues to meet monthly and would be the forum to communicate information to providers should there be infectious outbreaks in the future.
2. Monroe County Department of Public Health (MCDPH) attends the Emergency Shelter Leadership meetings on an as-needed basis to convey information to the Shelter and SO providers about public health concerns. MCDPH will also attend future meeting to share information on flu vaccination availability.

1D-9.	Centralized or Coordinated Entry System–Assessment Process.	
	NOFO Section VII.B.1.p.	

Describe in the field below how your CoC’s coordinated entry system:

1.	covers 100 percent of your CoC’s geographic area;
2.	uses a standardized assessment process; and
3.	is updated regularly using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

1. Monroe County is the CoC geographic area and the CE system covers the entire County. CE staff conduct ongoing outreach and training to providers outside the homeless system that serve homeless persons regardless of their location. Rapid Rehousing (RRH) and the majority of the Permanent Supportive Housing (PSH) programs provide tenant based rental assistance that allows for participants’ choice in where they live throughout Monroe County. Review of the list of organizations making referrals to the prioritization list and the zip code of participants collected in HMIS demonstrates that CE covers the whole county.
2. The CE system uses a standard assessment tool, VI-SPDAT, to prioritize all CE referrals. All users of CE receive training on how to administer the VI-SPDAT in an objective manner. The CoC and CE are exploring options to replace this assessment tool as the vendor is no longer supporting the tool.
3. The CE Training Workgroup is co-chaired by CE and CoC staff. The remaining members are program staff and Persons with Lived Experience (PLE) that participate in CE. Each CE program type is represented on the group, from emergency shelter to rapid rehousing to permanent supportive housing, among others. The purpose of the group is to bring the different program types together to talk about CE and how it is operating, find any areas for improvement, and implement policy and/or procedure changes using information gained directly from work group members. The group meets biweekly and cycles new members every 6 months to keep perspectives fresh. Program staff identify PLE who express an interest in participating. The CE Training workgroup is convened to get input when homelessness issues arise, i.e., increased numbers of unsheltered homeless, safety issues, etc.

1D-9a.	Program Participant-Centered Approach to Centralized or Coordinated Entry.	
	NOFO Section VII.B.1.p.	
	Describe in the field below how your CoC's coordinated entry system:	
	1. reaches people who are least likely to apply for homeless assistance in the absence of special outreach;	
	2. prioritizes people most in need of assistance;	
	3. ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their preferences; and	
	4. takes steps to reduce burdens on people using coordinated entry.	

(limit 2,500 characters)

1. For households that access the emergency shelter (ES) system, the CE assessment is part of the intake process. For households who are resistant to entering ES and who are residing in unsheltered situations within the geographic area, engagement occurs by regular and systematic contact with Street Outreach (SO) teams. SO participates fully in CE and has the ability within their funding structure to enroll participants in the SO program for a minimum of 6 months, which allows for time to build trust and rapport with the client. When trust is established the SO staff can administer the assessment tool and acquire accurate information about the household that otherwise wouldn't have been disclosed had there not been adequate time to establish a trusting relationship. SO programs cover 100% of the geographic area of the CoC.
2. All access points to CE utilize the same assessment tool, the VI-SPDAT, and are prioritized using the answers given during the assessment. Additional points are given based on factors that will prioritize people most in need of assistance, such as age or length of time homeless. As households are assessed, they are placed onto the Prioritization List in the order of greatest need for services. The CE Operations Manual contains the specific prioritization criteria for homeless housing programs to ensure transparency and to inform users of CE and the clients they serve.
3. Homeless households with the highest VI-SPDAT scores are prioritized for referrals to housing programs. CoC monitors program utilization to ensure that program openings are filled as soon as they become available. CE staff then match households with programs, according to specific subpopulations served, the interventions that are needed, and based on client choice. CE staff accept CE applications on a rolling basis, so that households are prioritized in real time.
4. CoC takes steps to reduce burdens on people using CE. HMIS is used to complete both the VI-SPDAT and the CE application. Most programs use HMIS so much of the data is prepopulated in the application itself reducing the time it takes to submit to CE. Referring programs are notified when their client is referred to a housing program. CE staff sends an email to both the referring and receiving agencies and provides contact information so that they can communicate and move the referral forward quickly. Progress notes regarding the referral process are also entered into HMIS.

1D-10.	Promoting Racial Equity in Homelessness—Conducting Assessment.	
	NOFO Section VII.B.1.q.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	12/10/2021

1D-10a.	Process for Analyzing Racial Disparities—Identifying Racial Disparities in Provision or Outcomes of Homeless Assistance.	
	NOFO Section VII.B.1.q.	

Describe in the field below:

- | | |
|----|--|
| 1. | your CoC's process for analyzing whether any racial disparities are present in the provision or outcomes of homeless assistance; and |
| 2. | what racial disparities your CoC identified in the provision or outcomes of homeless assistance. |

(limit 2,500 characters)

1. The CoC, in conjunction with Coordinated Entry (CE), have undertaken racial equity and disparity analysis for homeless services in the geographic area using HMIS and CE data . The CoC Data Collection committee analyzes system and program level outcomes for equity. In addition to HMIS and CE data, the data analysis process utilizes the HUD Race and Ethnicity Analysis Tool and Stella P system-level data.
2. The most recent analysis of racial equity within the homelessness system occurred in March 2021. The analysis revealed that though BIPOC persons are overrepresented in the homeless system there was no disparity in the access to housing and services based on race or ethnicity. Outcomes for exits to permanent housing and accessing income resources were also analyzed. The only disparity identified was that people of Hispanic origin seem to face more challenges in accessing income resources. The root cause has not been identified at this time.

1D-10b.	Strategies to Address Racial Disparities.	
	NOFO Section VII.B.1.q.	

Select yes or no in the chart below to indicate the strategies your CoC is using to address any racial disparities.

1.	The CoC's board and decisionmaking bodies are representative of the population served in the CoC.	Yes
2.	The CoC has identified steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC.	Yes
3.	The CoC is expanding outreach in geographic areas with higher concentrations of underrepresented groups.	Yes
4.	The CoC has communication, such as flyers, websites, or other materials, inclusive of underrepresented groups.	Yes
5.	The CoC is training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness.	Yes
6.	The CoC is establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector.	Yes
7.	The CoC has staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness.	Yes
8.	The CoC is educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity.	Yes
9.	The CoC reviewed coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness.	Yes
10.	The CoC is collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system.	Yes
11.	The CoC is conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness.	Yes

1D-10c.	Actions Taken to Address Known Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the steps your CoC and homeless providers have taken to address disparities identified in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

Using information and recommendations obtained from the racial equity analyses of the VI-SPDAT and outcomes of homeless housing programs, the CoC and Coordinated Entry (CE) have taken steps to address any disparities that exist. To reduce bias in VI-SPDAT scores and to increase reliability of the assessment, the CoC and CE have partnered to create a robust training curriculum for those staff people who administer the VI-SPDAT. At the recommendation of the consultants who analyzed the VI-SPDAT tool as it is being used within the CoC, front line staff all must actively participate in training that will ensure fidelity to the proper administration of the tool. Additionally, broad trainings focused on trauma responsiveness, motivational interviewing, and cultural competency are offered within the community and advertised via the CoC. All documents that are used to introduce the CE assessment are written at a literacy level appropriate for the population served, and all documents are introduced to a client in their native language. CE has amended policies to respond better to the needs of the clients served, this includes increasing the amount of time that a referring case manager can amend a client's assessment score to allow time for building rapport and trust between client and case manager.

1D-10d.	Tracking Progress on Preventing or Eliminating Disparities.	
	NOFO Section VII.B.1.q.	

Describe in the field below the measures your CoC has in place to track progress on preventing or eliminating disparities in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

Coordinated Entry (CE), in partnership with the CoC, has convened an Equity and Inclusion (E/I) workgroup which will analyze homeless housing programs for any disparities in outcomes among ethnic and racial groups. Using CoC data analysis to inform planning discussions, the E/I will prescribe changes to CE processes and procedures that will eliminate or reduce disparities. The CoC will track the changes in outcomes via HMIS and CE data analysis and will report back to the E/I with the results. Changes in outcomes will be tracked at regular (6-12 month) intervals. The strategies to address disparities will be informed by analysis of HMIS and CE data and via the participation of Persons with Lived Experience (PLE). Community-wide and program-level policies and procedures will be discussed to determine whether they induce any disparate impact. Any changes to community standards of service delivery will be implemented and tracked over time, with outcomes studied. Policies that prove to be effective in eliminating or decreasing disparities will be discussed among service providers and implemented. Analysis will continue on an ongoing basis.

1D-11.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC’s Outreach Efforts.	
	NOFO Section VII.B.1.r.	

Describe in the field below your CoC’s outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decision making processes.

(limit 2,500 characters)

The CoC conducts outreach to Persons with Lived Experience (PLE) at public meetings of the Homeless Service Network and sends outreach emails to homeless stakeholders in the community. Outreach is also conducted during regular monthly meetings with program staff of all CoC-funded programs. Providers are encouraged to nominate persons who demonstrate a desire to participate in community planning efforts and workgroups. Local service providers who interact with persons experiencing or who have a history of homelessness are contacted to provide names and phone numbers of persons who might wish to participate in decision-making process. Program staff in both CoC-funded and non CoC-funded homelessness programs who have lived experience of homelessness are invited to join, and currently participate in, homeless planning efforts.

1D-11a.	Active CoC Participation of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Enter in the chart below the number of people with lived experience who currently participate in your CoC under the five categories listed:

	Level of Active Participation	Number of People with Lived Experience Within the Last 7 Years or Current Program Participant	Number of People with Lived Experience Coming from Unsheltered Situations
1.	Included and provide input that is incorporated in the local planning process.	3	1
2.	Review and recommend revisions to local policies addressing homelessness related to coordinated entry, services, and housing.	5	2
3.	Participate on CoC committees, subcommittees, or workgroups.	10	2
4.	Included in the decisionmaking processes related to addressing homelessness.	10	2
5.	Included in the development or revision of your CoC's local competition rating factors.	0	0

1D-11b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

Throughout the community, Persons with Lived Experience (PLE) have opportunities for education, training, and employment within homeless housing programs. Recent experience has shown that programs that employ peer supports (who are often PLE, or who are in recovery from substance use disorder) have more success with building relationships and remaining engaged with their participants. For those program employees who work in CoC-funded homeless programs, the CoC provides skills-based training to assist programs in achieving communitywide continuity in service delivery. The CoC training supplements training that the employee receives at his/her agency and is centered around topics that will help the employee build skills to succeed in the human service sector. Topics include effectively connecting participants with mainstream benefits and employment opportunities, writing effective case notes, service planning and goal setting. The CoC stakeholders' group, the Homeless Services Network (HSN) has a training committee that plans and coordinates training for all providers, which includes PLE who work, volunteer, or are simply interested in learning more about building skills to assist the homeless. New York State offers a professional certification in Peer Recovery Advocacy (CRPA). There are staff in CoC-funded programs who have earned their CRPA which allows them to draw on their personal experience with substance use and recovery to provide non-clinical support services to their program participants.

1D-11c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section VII.B.1.r.	

Describe in the field below how your CoC:

1.	how your CoC routinely gathered feedback from people experiencing homelessness and people who have received assistance through the CoC or ESG program on their experience receiving assistance; and
2.	the steps your CoC has taken to address challenges raised by people with lived experience of homelessness

(limit 2,500 characters)

1. The CoC routinely gathers feedback from Persons with Lived Experience (PLE) about how services are delivered via the PLE Working Group (Group). The Group is comprised entirely of PLE and its opinions and recommendations are used to inform the community’s response to homelessness. For example, one Group member with unsheltered homelessness experience is employed as a manager of a Street Outreach (SO) program and oversees day to day operations at the only government-sanctioned encampment within the CoC’s geographic area. This member keeps the Group, the CoC, and the CoC stakeholders’ group the Homeless Services Network (HSN) aware of the current needs of the unsheltered population. Other members of the Group include staff of homeless housing programs who have lived experience and who provide input into best practices in service delivery to maximize engagement with participants. The information gleaned from the Group meetings has been used during the local project application competition, and the members of the group will either be members of or provide input to Coordinated Entry (CE) Equity and Inclusion workgroup for the purpose of analyzing policies and procedures and their effect on this subpopulation.

2. PLE participate in HSN, are on the CoC Board, and participate in the Chronic Homeless Workgroup which have always informed the CoC of the effects of policy and procedures on this subpopulation. The CoC is continually working to improve the homeless system responsiveness and formalize the process for PLE to become involved with planning activities and to offer feedback.

1D-12.	Increasing Affordable Housing Supply.	
	NOFO Section VII.B.1.t.	

Describe in the field below at least 2 steps your CoC has taken in the past 12 months that engage city, county, or state governments that represent your CoC’s geographic area regarding the following:

1.	reforming zoning and land use policies to permit more housing development; and
2.	reducing regulatory barriers to housing development.

(limit 2,500 characters)

1. The CoC has had discussions with local government, City of Rochester and Monroe County regarding land use policies to permit more housing development. Zoning policies in the City of Rochester have become less restrictive which has allowed for increased development of affordable housing within the City limits. The CoC continues to work with Monroe County to expand affordable housing development in the County outside the City limits, particularly multi-family project development other than Senior housing. In addition to NIMBY issues, each unit of local government i.e. - towns, villages have their own zoning ordinances which presents significant challenges to reform. There have been some small successes but no new projects have been approved in the last twelve months.
2. The CoC is an active member in the Supportive Housing Network of NY (SHNNY), a strong advocate for the development of supportive housing statewide. There have been discussions with NYC Homes and Community Renewal regarding reducing regulatory barriers to housing development. While the Low income Housing Tax Credit (LIHTC) administered by HCR is one of the primary capital funding sources for affordable housing development, it also increases the costs of development. Reducing administrative costs and energy efficiency requirements have been discussed. Reducing regulatory costs could increase development particularly in suburban communities where land costs can be much more expensive.

1E. Project Capacity, Review, and Ranking–Local Competition

HUD publishes resources on the HUD.gov website at CoC Program Competition to assist you in completing the CoC Application. Resources include:

- Notice of Funding Opportunity (NOFO) for Fiscal Year (FY) 2022 Continuum of Care Competition and Noncompetitive Award of Youth Homeless Demonstration Program Renewal and Replacement Grants;
- 24 CFR part 578;
- FY 2022 CoC Application Navigational Guide;
- Section 3 Resources;
- PHA Crosswalk; and
- Frequently Asked Questions

1E-1.	Web Posting of Your CoC’s Local Competition Deadline–Advance Public Notice. NOFO Section VII.B.2.a. and 2.g. You must upload the Local Competition Deadline attachment to the 4B. Attachments Screen.	
-------	--	--

	Enter the date your CoC published the deadline for project applicants to submit their applications to your CoC’s local competition.	08/12/2022

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. We use the response to this question and the response in Question 1E-2a along with the required attachments from both questions as a factor when determining your CoC’s eligibility for bonus funds and for other NOFO criteria below. NOFO Section VII.B.2.a., 2.b., 2.c., and 2.d. You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen. Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:	
-------	---	--

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
5.	Used data from comparable databases to score projects submitted by victim service providers.	No

1E-2a.	<p>Scored Project Forms for One Project from Your CoC's Local Competition. --------	---	--

You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.

Complete the chart below to provide details of your CoC's local competition:

1.	What were the maximum number of points available for the renewal project form(s)?	83
2.	How many renewal projects did your CoC submit?	37
3.	What renewal project type did most applicants use?	PH-PSH

1E-2b.	<p>Addressing Severe Barriers in the Local Project Review and Ranking Process.</p> <p>NOFO Section VII.B.2.d.</p>	
--------	--	--

- Describe in the field below:
1. how your CoC collected and analyzed data regarding each project that has successfully housed program participants in permanent housing;
 2. how your CoC analyzed data regarding how long it takes to house people in permanent housing;
 3. how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
 4. considerations your CoC gave to projects that provide housing and services to the hardest to serve populations that could result in lower performance levels but are projects your CoC needs in its geographic area.

(limit 2,500 characters)

1. For new projects, applicants are required to estimate the percent of participants they will serve that make up certain subpopulations, such as chronic homeless, re-entry, fleeing domestic violence, mental or physical illness, substance use disorder. Applicants also answer questions about the projected project outcomes, provide a description of the project’s strategy to achieve the desired outcomes, and estimate a timeline for achieving the outcomes. Applicants must demonstrate in writing that they understand the many complex needs of the proposed subpopulation(s) and can develop plans to address the needs. For renewal projects, data about subpopulation(s) served is collected via HMIS. Programs are given the opportunity to explain mitigating factors to the Ranking and Review Committee that prevented them from achieving the desired outcomes. Applicants can explain specifics about the subpopulation(s) served during the reporting year and are encouraged to be specific about difficulties encountered. Based on the mitigating factors presented, additional points can be earned to offset the difficulties of the subpopulation(s) served.

2. Coordinated Entry (CE) staff tracks all referrals and uses that data to determine the average length of time it takes each project to house participants during the program year. A community wide average is calculated as well as an average time for each housing component. Projects are scored in comparison to both the community average and the average time calculated for the project type, i.e. – RRH, PSH, TH, This ensures that projects are being compared to like projects with similar populations.

3. New project applicants are given the opportunity to estimate the length of time it will take for them to achieve community benchmarks for program outcomes. This question allows programs to explain the potential difficulties they may encounter within the subpopulation to be served. If a renewal project does not meet one or more community benchmarks during the program year as reported in HMIS they may explain any mitigating factors, which may include severity of needs of the households served. The renewal project has an opportunity during the ranking and review process to present those factors.

4. During the Ranking and Review process for new and renewal projects scores are calculated based on comparisons with like projects; i.e. – RRH to RRH, TH to TH,

1E-3.	Promoting Racial Equity in the Local Competition Review and Ranking Process.	
	NOFO Section VII.B.2.e.	

Describe in the field below:

1.	how your CoC obtained input and included persons of different races, particularly those over-represented in the local homelessness population;
2.	how the input from persons of different races, particularly those over-represented in the local homelessness population, affected how your CoC determined the rating factors used to review project applications;
3.	how your CoC included persons of different races, particularly those over-represented in the local homelessness population, in the review, selection, and ranking process; and
4.	how your CoC rated and ranked projects based on the degree to which their project has identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.

(limit 2,500 characters)

1. Each year CoC staff reaches out to the community to recruit new members of the Ranking and Review Committee via the CoC email listserve, the CoC weekly newsletter and need is shared at a variety of public meetings. Targeted outreach may be conducted to recruit persons who are overrepresented in the homeless population. The composition of the Rating and Ranking Committee though diverse, does not yet reflect the same percentages of persons over=represented in the homeless system.
2. The Ranking and Review Committee also reviews new and renewal project applications and rating factors prior to release of the materials for the local application process to provide input. Based on this input there were some changes made to application questions, but the rating factors were not changed from last year.
3. The outreach efforts made to recruit Ranking and Review Committee members have been described in part 1 of this question. It is challenging to recruit members for this Committee in general, as members have to be non-conflicted, not an employee or Board member of an organization that receives CoC funding. We will continue our targeted outreach efforts to recruit persons of color and persons with lived experience for the Committee.
4. Barriers to participation was not a rating factor for renewal projects this year. However, projects were asked to provide information on how their project ensures that participants can access their programs and feel comfortable with the housing and services regardless of race, ethnicity, gender, age, disability, etc. They were also asked how they involve persons with lived experience. These questions were not scored this year but may be in the future.

1E-4.	Reallocation—Reviewing Performance of Existing Projects.	
	NOFO Section VII.B.2.f.	

Describe in the field below:	
1.	your CoC’s reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
2.	whether your CoC identified any projects through this process during your local competition this year;
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.

(limit 2,500 characters)

1. The CoC has a Reallocation Policy that is reviewed and revised as needed annually. The possible reasons for reallocation include: project has a history of not spending down their CoC funding, project has a history of not meeting performance outcomes, project has capacity issues that negatively affect the ongoing operation of the program, project voluntarily decides not to renew their funding, project voluntarily chooses to reallocate their funding to create a project that better meets a community need.
2. There were two projects that were identified that could potentially be reallocated.
3. The Rating and Ranking Committee decided that no projects would be reallocated this year.
4. Projects were not reallocated this year to allow projects that were still reeling from the challenges created by the COVID pandemic more time to address issues that affected performance and/or occupancy. Providers have informed the CoC that staffing shortages, the volatility of the rental market, the increased service needs of participants, and the lingering unintended consequences of the New York State eviction moratorium are issues that affected performance.

1E-4a.	Reallocation Between FY 2017 and FY 2022.	
	NOFO Section VII.B.2.f.	

	Did your CoC cumulatively reallocate at least 20 percent of its ARD between FY 2017 and FY 2022?	Yes

	NOFO Section VII.B.2.g.	
	You must upload the Notification of Projects Rejected-Reduced attachment to the 4B. Attachments Screen.	

1.	Did your CoC reject or reduce any project application(s)?	Yes
2.	Did your CoC inform applicants why their projects were rejected or reduced?	Yes
3.	If you selected Yes for element 1 of this question, enter the date your CoC notified applicants that their project applications were being rejected or reduced, in writing, outside of e-snaps. If you notified applicants on various dates, enter the latest date of any notification. For example, if you notified applicants on 06/26/2022, 06/27/2022, and 06/28/2022, then you must enter 06/28/2022.	09/13/2022

2A-4.	Comparable Database for DV Providers–CoC and HMIS Lead Supporting Data Collection and Data Submission by Victim Service Providers.	
	NOFO Section VII.B.3.b.	

	In the field below:	
1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in databases that meet HUD’s comparable database requirements; and	
2.	state whether your CoC is compliant with the 2022 HMIS Data Standards.	

(limit 2,500 characters)

Willow Domestic Violence Center is operates the only licensed DV shelter in the CoC geographic area. Willow has not applied for CoC funding as the applicant; they are however a partner in a DV-RRH program providing DV specific services, i.e. – safety planning, support groups, in collaboration with a legal services and housing provider (applicant). They are currently using Apricot as their database, a system which is not a comparable database. There have been discussions with Willow and the CoC to encourage their use of a comparable database, but it is still under consideration. Willow does provide unduplicated de-identified data for the Annual PIT count as well as annual aggregate data, though it is not unduplicated.

The CoC is compliant with 2022 HMIS data standards.

2A-5.	Bed Coverage Rate–Using HIC, HMIS Data–CoC Merger Bonus Points.	
	NOFO Section VII.B.3.c. and VII.B.7.	

Enter 2022 HIC and HMIS data in the chart below by project type:

Project Type	Total Beds 2022 HIC	Total Beds in HIC Dedicated for DV	Total Beds in HMIS	HMIS Bed Coverage Rate
1. Emergency Shelter (ES) beds	646	49	409	68.51%
2. Safe Haven (SH) beds	12	0	12	100.00%
3. Transitional Housing (TH) beds	169	0	169	100.00%
4. Rapid Re-Housing (RRH) beds	536	50	536	110.29%

	NOFO Section VII.B.3.c.	

For each project type with a bed coverage rate that is at or below 84.99 percent in question 2A-5, describe:

1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.

(limit 2,500 characters)

1. When submitting the HIC this year, there were two emergency shelter programs, Samaritan House (Line 525223) and MCDHS Hotel Placements (Line 525221) were inadvertently entered as not participating in HMIS. They are participating in HMIS and have been for quite a few years. Our actual bed coverage percentage for HMIS exceeds 85%.
2. HMIS and CoC staff will ensure that the correction is made in HDX for next year's HIC report.

2A-6.	Longitudinal System Analysis (LSA) Submission in HDX 2.0.	
	NOFO Section VII.B.3.d.	

Did your CoC submit LSA data to HUD in HDX 2.0 by February 15, 2022, 8 p.m. EST?	Yes

2B-3.	PIT Count–Effectively Counting Youth.	
	NOFO Section VII.B.4.b.	

Describe in the field below how during the planning process for the 2022 PIT count your CoC:

1.	engaged stakeholders that serve homeless youth;
2.	involved homeless youth in the actual count; and
3.	worked with stakeholders to select locations where homeless youth are most likely to be identified.

(limit 2,500 characters)

1. Each year the CoC facilitates a PIT Planning Committee that is composed of members who serve a variety of homeless sub-populations; i.e. - youth, unsheltered, chronic homeless, etc. including programs that are doing street outreach or are working at places, i.e. - meal programs, emergency food pantries, etc. who engage and interact with the unsheltered homeless. Youth providers are represented on the committee. They provide locations where homeless youth are known to congregate and the time of day they are most likely to be found at these locations.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section VII.B.5.a and VII.B.7.c.	

In the field below:	
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable;
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2021 and 2022, if applicable; and
3.	describe how the changes affected your CoC’s PIT count results; or
4.	state “Not Applicable” if there were no changes or if you did not conduct an unsheltered PIT count in 2022.

2C-1.	Reduction in the Number of First Time Homeless–Risk Factors Your CoC Uses.	
	NOFO Section VII.B.5.b.	
	In the field below:	
	1. describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
	2. describe your CoC’s strategies to address individuals and families at risk of becoming homeless; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

1.The CoC used StellaP to gather information about households that entered the system for the first time during the reporting period. StellaP data demonstrated that the overall number of first time homeless was reduced. Using data from HMIS, the CoC analyzed the prior living situations of households that had no HMIS entries within the 24 months prior. Analysis showed that households that had no history of homelessness reported 'Eviction by Primary Tenant' and 'Family Dysfunction/Conflict' were the two most common reasons for entry into the homelessness system (21% and 11%, respectively). 'Recent Release from Jail/Prison' and 'Domestic Violence Victim' were the third and fourth most cited reasons at 10% each.

2.Utilizing the HMIS data analysis of reasons for homelessness for households who experience homelessness for the first time, the CoC will need to tailor strategies to fit the different subpopulations. The CoC will continue to partner with the local Department of Human Services (DHS) and '211', which are the agencies most likely to screen households for potential entry into the homelessness system. The primary strategy is to increase resources for prevention/diversion to direct appropriate resources to households at risk of homelessness. The funds will address circumstances that households find themselves in prior to entering homelessness. For example, a household that is residing with friend or family who is the primary tenant in the residence might require a small fund of money to pay for a security deposit toward a new residence, whereas the only other option would be to have the primary tenant's housing in jeopardy due to violating the lease stipulation against having long-term guests. The CoC will also partner with prisons/jails to ensure discharge planning includes a plan to divert those who might enter the homeless system to other housing options. Additionally, the CoC will work with the local Victim Service Provider to enrich the diversion/prevention services offered to the DV population to prevent entrance into the homelessness system. There were ESG and ESG-CV funded prevention programs, including a prevention program that is operating at the local housing court. The program provided all court-involved tenants with applications for cash assistance and Right To Counsel, legal representation by Legal Aid Society.

3.Monroe County DHS and CoC staff oversee the strategies to reduce the number of first time homeless households.

2C-2.	Length of Time Homeless—CoC's Strategy to Reduce.	
	NOFO Section VII.B.5.c.	

In the field below:

1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

1.The CoC’s strategies to reduce length of time homeless (LOTH) include increasing the efficiency of Coordinated Entry (CE), engaging landlords to increase housing supply, advocating with property managers to decrease barriers to entering housing, and increasing capacity for homeless housing programs. CE convened a Training Workgroup during the reporting period to connect CE users to identify and rectify aspects of CE that increase a household’s LOTH. To reduce the prevalence of declined referrals to housing programs, the CE workgroup devised program information sheets that are distributed to case managers who have clients selected for housing program. The case managers can then have informed conversations with clients about the program and the participant can accept or decline the referral without first having to arrange a time to meet with the program staff. The CE Landlord Engagement Committee has created a free website for landlords to post units that are only available to case managers within the homeless system. Non CoC-funded housing units often have strict requirements for entry; in this community New York state funds supportive housing units that have set-aside units with homeless preference and who utilize CE prioritization list. During regular CE Oversight Committee meetings, providers informed CE staff that the property management at the units were burdening participants by requiring original copies of all screening documents. CE staff was able to identify this problem and advocate with the funders to implement change. A new ESG-CV funded Rapid Rehousing Program was created to increase PH supply. Though resources increased, the LOTH was unchanged due to various federal and state eviction moratoria and rents above FMR.

2.The CoC utilizes StellaP to analyze the Average Days Homeless (ADH) of households within the homelessness system. StellaP allows the CoC to identify the household type and pathway that has the greatest effect on the system’s ADH. Program staff who participate in CE provide input in real time to the CE Training Workgroup and CE Oversight Committee about the barriers their clients encounter which allows policies and procedures to be updated without delay. CE staff track the average LOT homeless on a rolling basis and can request case conferences for households that exceed the community average. At the case conference, barriers are discussed and solutions are brainstormed.

3.CoC and CE staff oversee this strategy.

2C-3.	Exits to Permanent Housing Destinations/Retention of Permanent Housing–CoC’s Strategy	
NOFO Section VII.B.5.d.		
In the field below:		
	1. describe your CoC’s strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;	
	2. describe your CoC’s strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and	
	3. provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to increase the rate that individuals and families exit to or retain permanent housing.	

(limit 2,500 characters)

1. New York’s eviction moratorium was in place until 1/15/22 and housing units were scarce. CoC and Coordinated Entry (CE) staff were participants in community meetings and frequently heard of the difficulties finding suitable housing. Landlords have tightened the screening process for potential applicants and have stated that the eviction moratorium made it difficult to generate revenue from units where households were not paying rent and who faced little recourse from the court system by doing so. As a result, there is less flexibility when negotiating with landlords. A review of StellaP informs the CoC’s strategy for increasing exits to PH. Households that are homeless for the first time in ES have the lowest exit to permanent housing, which suggests that these households are inexperienced moving through the system and require support. Households with a disabled member are below the community average for exits to PH which points to the need for added support. To address this the CoC has increased the number of non-CoC funded supportive housing units that have a disability as a requirement for entry. The ES system within the CoC have encountered a staffing crisis. ES are chronically understaffed, and the staff that is present is new to the homeless service system. As a result, the CoC and CE have increased outreach to ES leadership to engage their staff for training, both to help build skills to better serve their clients and also to ensure accurate client information regarding exit destination is entered into HMIS. CE training ensures that the households who are eligible for housing intervention receive the services they are entitled to. The lead CE agency has hired a Housing Recruitment Specialist who has increased the supply of housing units.

2. The CoC has a Moving On toolkit which assists housing programs in assessing a household’s readiness to move to market rate housing and provides case workers guidance for how to do so. Programs are expected to use the toolkit for every client in their programs and the CoC monitors adherence to this every month. The CoC has piloted a housing mediation program that convenes landlord/tenant/case manager to address housing instability and increase housing retention. Weekly case conferences for at-risk households in PSH/RRH convene providers to develop solutions for program transfer or prevention of program termination.

3. The CoC, CE, ES, PH are responsible for this strategy.

2C-4.	Returns to Homelessness—CoC’s Strategy to Reduce Rate.	
	NOFO Section VII.B.5.e.	
	In the field below:	
1.	describe your CoC’s strategy to identify individuals and families who return to homelessness;	
2.	describe your CoC’s strategy to reduce the rate of additional returns to homelessness; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the rate individuals and persons in families return to homelessness.	

(limit 2,500 characters)

1.The CoC utilizes StellaP to acquire information about households that return to homelessness (RTH) after exiting the system to PH. StellaP provides household-level information to determine the pathways and household types that have the highest RTH. As part of the Coordinated Entry (CE) process, households are routinely screened for previous entries in PH programs. Households that have project exit dates within the previous 6-12 months and who have reappeared at a CE entry point are required to have a case conference with the current service providers who share information about the household’s barriers to maintaining housing and brainstorm ideas or strategies to achieve stability.

2.The CoC’s strategy for preventing RTH centers around building robust support systems, ensuring the household remains engaged with service providers to create stability upon program entry, and employing housing retention strategies when tenancy is at risk. The CoC audits case notes monthly for households that are enrolled in PH programs. This is a quality assurance measure to verify that households are receiving adequate services to achieve housing stability. Corrective actions are required from programs that demonstrate deficiencies in service delivery. The CoC has data that shows the audit process has increased the frequency of program contacts with participants. The CoC also audits the use of the community-created Supportive Housing Toolkit, which is used to track a client’s housing stability. Each household in a PH program must complete this within the first year of enrollment and it must be updated yearly. The CoC is training ES staff to enroll households that are not placed in a CoC-funded program in health home care management or peer support programs to support households that transition to PH. The CoC has piloted a mediation program (housing retention conference) that is targeted to households in supportive housing programs and brings together landlord/tenant/service provider to develop a written agreement designed to avoid eviction. Parties must agree to a plan that spells out the steps the tenant and service provider will take to avoid a return to homelessness, such as a program transfer, in the event the mediation agreement is breached. Local landlords and property managers participated in the planning of this mediation pilot program.

3.Staff at CoC, CE, CE Oversight Committee, and CE Landlord Engagement Workgroup are responsible for this strategy.

2C-5.	Increasing Employment Cash Income–CoC’s Strategy.	
	NOFO Section VII.B.5.f.	
	In the field below:	
1.	describe your CoC’s strategy to access employment cash sources;	
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their cash income; and	
3.	provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase income from employment.	

(limit 2,500 characters)

1. The CoC and its partner agencies believe that household income is imperative for achieving and maintaining housing stability. Project outcomes related to income/employment are assessed monthly and projects receive monthly progress reports that document their progress toward achieving the community goal of having 20% of a project’s participants increase earned income during the project year. Within the geographic area of the CoC, there are a number of employment, career counseling, and vocational training service centers that offer services free of charge for residents. The largest of these agencies is RochesterWorks, which is a member of the American Job Center Network and administers Federal workforce development funds on behalf of Monroe County. RochesterWorks is a member of the Homeless Services Network (HSN), which is the CoC stakeholders’ group, and keeps the HSN member organizations aware of employment initiatives that may benefit program participants.

2. The program participants in CoC-funded programs have opportunities to learn valuable ‘soft’ skills that lead to increased employment income in addition to the usual support that is offered to those entering the workforce, such as assistance with transportation, acquiring a uniform/work equipment, or arranging daycare. A number of CoC-funded programs have an ‘employment specialist’ on staff who assists program participants with job preparation and applying for positions and who can provide coaching to develop skills needed to maintain employment and experience long-term success. A PSH program has formed a partnership with a local business who supports women in recovery. This coffee shop offers paid employment opportunities to female participants of the PSH program, who often don’t have strong work history. Supportive environments offer employees leniency while also teaching skills to help them succeed in the workplace. Examples include open communication with store management regarding addiction/recovery struggles, limited workload to reduce stress, and a formal training program that focuses on building soft skills that increase employability allow for job retention. If successful, the community would like to expand this program across more sectors of the local economy.

3. The CoC, HSN, and CoC-funded homeless service providers are the parties responsible for developing and implementing strategies for increasing employment income.

2C-5a.	Increasing Non-employment Cash Income–CoC’s Strategy	
	NOFO Section VII.B.5.f.	
	In the field below:	
	1. describe your CoC’s strategy to access non-employment cash income; and	
	2. provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase non-employment cash income.	

(limit 2,500 characters)

1. The CoC's strategy to access non-employment cash income centers around ensuring that all households are receiving the cash benefits they are entitled to receive. In the CoC's geographic area, this includes TANF, GA, and SSA income. Each month, all CoC-funded programs receive reports that have details about the project's outcomes. Included in the reports are the percentage of participants that have \$0 monthly income, as reported in HMIS. During the past year, the CoC applied for and received an ESG-CV grant to operate a SOAR program. As the program was rolled out, programs received a by-name list of households that have \$0 income with instructions to review the list and submit a referral to the SOAR program for households that are eligible. The SOAR program is still in operation. The local agency that allocates public assistance benefits is the Monroe County Department of Human Services (DHS). The CoC partnered with DHS to create a training curriculum tailored specifically for staff in homeless housing programs. The focus of the training is centered around making the benefits application process as easy to navigate as possible. The training is hosted on the CoC's Learning Management System (LMS) and the CoC enrolls new staff people as they are hired. The CoC tracks the progress of the learners and can provide program management with the names of staff who have or have not completed the training. In order to document the increases in non-employment cash income it is necessary for program staff to capture the information in HMIS. There is an expectation that case notes for households with \$0 income will indicate that programs are assisting participants with accessing entitlement cash benefits. Program staff are reminded to update in HMIS any increase in cash benefits in the household's annual assessment.

2. The CoC, HMIS Administrator, and DHS are the primary responsible parties for overseeing the strategy to increase non-employment income.

4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

- | | |
|----|---|
| 1. | You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete. |
| 2. | You must upload an attachment for each document listed where 'Required?' is 'Yes'. |
| 3. | We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube. |
| 4. | Attachments must match the questions they are associated with. |
| 5. | Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. |
| 6. | If you cannot read the attachment, it is likely we cannot read it either. |
| | . We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time). |
| | . We must be able to read everything you want us to consider in any attachment. |
| 7. | After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include. |

ADMINISTRATIVE PLAN
FOR THE
ROCHESTER HOUSING AUTHORITY
HOUSING CHOICE VOUCHER PROGRAM

Board Approved: April 22, 2020

Revised: Approved by Board 9/22/21

4-III.C. SELECTION METHOD

PHAs must describe the method for selecting applicant families from the waiting list, including the system of admission preferences that the PHA will use [24 CFR 982.202(d)].

Local Preferences [24 CFR 982.207; HCV p. 4-16]

PHAs are permitted to establish local preferences, and to give priority to serving families that meet those criteria. HUD specifically authorizes and places restrictions on certain types of local preferences. HUD also permits the PHA to establish other local preferences, at its discretion. Any local preferences established must be consistent with the PHA plan and the consolidated plan and must be based on local housing needs and priorities that can be documented by generally accepted data sources.

RHA Policy

RHA will provide local preferences for applicants for tenant-based vouchers as described below. These preferences do not apply to other vouchers/voucher funding set aside for specific activities i.e. Mainstream or Family Unification Program.

1. Previous RHA Housing Choice Voucher participants that were terminated from RHA's HCV program due to insufficient funding
2. Applicants that are involuntarily displaced from their permanent residence by a Federal government action or whose dwelling has been extensively damaged or destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal disaster relief laws.
3. Residency Preference Area: Applicants who live, work or have been hired to work within the Rochester Housing Authority's jurisdiction.
4. Non-elderly persons with disabilities who are transitioning out of institutional and other segregated settings, at serious risk of institutionalization, homelessness, or of at risk of becoming homeless.
5. Home Ownership Voucher: Families in a RHA public housing development that are participating in the Family Self-Sufficiency program or are designated senior or disabled and have been certified eligible for a home-ownership voucher.

Administrative Plan

Order of Selection

The PHA system of preferences may select families based on local preferences according to the date and time of application or by a random selection process (lottery) [24 CFR 982.207(c)]. If a PHA does not have enough funding to assist the family at the top of the waiting list, it is not permitted to skip down the waiting list to a family that it can afford to subsidize when there are not sufficient funds to subsidize the family at the top of the waiting list [24 CFR 982.204(d) and (e)].

RHA Policy

Within income levels and preferences categories, applicants will be evaluated and sorted in ascending order (oldest first) by date and time of application. Preference categories shall be assigned the following point system. Applicants who have successfully applied to the waiting list, but do not fall into any of the preference categories will remain on the waiting list and their position will be determined by Date and Time of application. These Applicants will not receive an eligibility appointment until all Applicants who have a Preference have been invited for the eligibility screening.

Ranking Preferences: Preference points will be assigned as listed below. Preference points will be aggregated, and Applicants will be selected from the waiting list in order of the highest total number of preference points and lowest lottery number.

	Ranking Preference	Points
1	Rochester Housing Authority Participants terminated due to insufficient funding (Super Preference)	30
2	Applicants involuntary displaced by a government action (Super Preference)	30
3	Applicants on the PHA's current waiting list that have been cross matched with the local Continuum of Care's Homeless Management Information System (HMIS). These applicants would meet the definition of homeless and considered at risk of health and safety due to a National Disaster	50
4	Rochester Residency Preference	20
5	Non-elderly person, with disabilities	5
6	PH Resident transferring to HCV Home Ownership Program	1
7	Applicants that accept a voucher through the Mobility Demonstration	50

Administrative Plan

2. Involuntary Displacement – A referral letter from a federal, local or authorized government agency that the applicant has been involuntarily displaced from their permanent residence by a Federal, State or Local government action such as code enforcement, public improvements (not including resident caused code violations), or development program in the jurisdiction, or whose dwelling has been extensively damaged or destroyed as a result of a disaster declared or otherwise formally recognized pursuant to Federal disaster relief laws.
3. Residency Preference – Applicants who live, work or have been hired to work in RHA’s jurisdiction are eligible for this preference. This preference will be verified by state identification, utility bills, letter from employer, pay stubs listing the employer address or other documentation as deemed sufficient by RHA.
4. Veterans Preference – Form DD-214 showing that the veteran was discharged or released from active duty in the Armed Forces under honorable conditions. If a veteran receives a Dishonorable Discharge (DD) and/or a Bad Conduct Discharge (BCD), and those discharges have not been upgraded to Honorable or General Discharge, he/she is ineligible for the Veteran's Preference.
5. Victims of Domestic Violence - A report from of a Federal, State, tribal, territorial, or local law enforcement agency (e.g. police), court, or administrative agency; or documentation signed by the Victim (HUD form 5382 – Certification of Domestic Violence) and signed by an employee, agent or volunteer of a victim service provider, an attorney, a medical professional, or a mental health professional from whom the Victim has sought assistance relating to domestic violence, dating violence, sexual assault, or stalking, or the effects of abuse, in which the professional attests under penalty of perjury (28 U.S.C. 1746) that he or she believes that the incident of domestic violence, dating violence, sexual assault, or stalking is grounds for protection under 24 Code of Federal Regulations (CFR) § 5.2005 or 24 CFR § 5.2009. For further definitions of Domestic Violence see Chapter 4.
6. Working Preference – A letter from the employer or pay stubs indicating that the Head of Household, Co-Head or Spouse is employed and works at least 30 hours per week.
7. Homeless Preference - Verification of homelessness will require a letter from a supervised publicly or privately-operated shelter or transitional housing residence designed to provide temporary living accommodations.
8. Home Ownership – Verification from the FSS/Homeownership coordinator that the family is an RHA Public Housing Resident and eligible to purchase a home through the HCV Homeownership program.

From: Partners Ending Homelessness
Re: FY2022 Ranking
for HUD Funded Renewal Projects Criteria
Date: May 31, 2022

In anticipation of the release of the 2022 HUD CoC Program NOFO, the Partners Ending Homelessness is beginning the local ranking criteria and local application process for new and renewal projects.

2022 Local information

Annual Renewal Demand (ARD) – \$13,587,501
Tier One funding is anticipated to be 94% of ARD, \$12,772,251

Renewal Projects:

Projects that score above the average ranking criteria score will be ranked in Tier 1 by score and will require no further review

Projects that score under the average ranking criteria score have to complete Part 2 of the Rating criteria, Mitigating Factors and present to the Project Review Committee. (PEH will email the applicable project once the initial score is calculated.)

Projects will be ranked as follows:

Project's Total Score (+/-) 5 points based on mitigating factors presented to the Project Review committee

Renewal Project could fall and be placed into Tier 2 or reallocated if the Project Review committee finds that the project does not meet local priorities or HUD requirements.

(Please note a project asked to complete the mitigating factors and asked to present are not automatically in Tier II.)

New Projects:

\$679,375 Bonus Project funding assuming 5% of FPRN as in 2021
There is likely to be a DV-RRH Bonus for Rapid Re-Housing working exclusively with victims of

domestic violence. In the 2021 HUD, NOFO included an opportunity for CoCs awarded up to 10 bonus points in the scoring of their CoC application for submitting RRH or PSH project applications that leverage non-CoC resources to cover housing and healthcare costs. We believe this PSH/RRH Health Care project will be on the FY22 HUD NOFO.

2022 Renewal Application Timeline

May 31: Release of Renewal ranking criteria materials.

Applicant Assurances

To the best of my knowledge and belief, all information in this application is true and correct. Therefore, the applicant has duly authorized this document, and the applicant will comply with the following:

- The applicant will complete the HUD Project Application forms in Esnaps with the same information as contained in this application unless the Project Selection Committee made an adjustment(s) during the rating/ranking process. Those adjustments would supersede this document and are included in the Project Ranking Letter that will be sent to each applicant
- Applicant agrees to participate fully in Homeless Management Information System (HMIS) including case notes.
- Applicant agrees to abide by all CoC Written Standards applicable to the project that funding is being requested for
- Applicant agrees that the program will fully participate in the Coordinated Entry system, which includes the use of a Common Assessment tool.
- Applicant agrees to participate in monthly report meetings and monthly housing meeting for PSH and RRH projects
- Applicant agrees to date and accurate rent or roster at least once a month to match with HMIS.
- Applicant understands that HUD CoC funded homeless projects are monitored annually by the RMHCoC
Applicant agrees to pay the RMHCoC Administrative Fee if successfully awarded funding by HUD. The fee is based on a billing rate (0.002707937) of the total HUD grant awarded.
- If awarded funding, the applicant agrees to inform PEH when the following occur:
 - ✓ **The organization has staff vacancies for a duration of time that could affect the projected number of participants served or result in HUD funds not being fully expended.**

- ✓ **There are changes to an existing project that are significantly different than what the funds were originally approved for, including any budget amendments/modifications submitted to HUD.**
- ✓ **There is an increase/decrease of other funding to the project that could affect the projected number of participants served, services provided, performance, ability to meet match requirements, etc.**
- ✓ **There are significant delays in the start-up of a new project.**

Project Name	RHA/Son House PSH-PBRA #26
Grant ID	NY0890L2C002109

Partners Ending Homelessness (Rochester/Monroe County Homeless CoC) has completed the rating and ranking of all renewals and new applications for FY 2022 HUD CoC funding. The applications were scored based on the matrix available to the community and posted on the Partners Ending Homelessness website: www.letsendhomelessness.org. In addition, the reallocation process that was approved by the rating and ranking committee has also been posted to the website. Therefore, the ranking and review committee had tough decisions to make.

The FY2022 CoC NOFA Tier 1 is calculated at: \$12,541,888. Tier 1 is equal to 95 percent of the combined Annual Renewal Amounts for all projects eligible for renewal.

Below you will find the Tier, Rank, Funding Requested, Reallocation Amount (if applicable in red), Funding Approved information, and your points from the scoring rubric for your renewal project

Tier 1 Rank 11	Rochester Housing Authority	RHA/Son House PSH-PBRA #26	\$107,741
-----------------------	-----------------------------	----------------------------	-----------

All applicants will be sent the CoC Project Priority list that is posted on the CoC website.

Congratulations! We look forward to working with you in our continued efforts to end homelessness in Monroe County!

Sincerely,

Charles Bollinger

Partners Ending Homelessness (Rochester/Monroe County Homeless CoC) has completed the rating and ranking of all renewals and new applications for FY 2022 HUD CoC funding. The applications were scored based on the matrix available to the community and posted on the Partners Ending Homelessness website: www.letsendhomelessness.org. In addition, the reallocation process that was approved by the rating and ranking committee has also been posted to the website. Therefore, the ranking and review committee had tough decisions to make.

The FY2022 CoC NOFA Tier 1 is calculated at: \$12,541,888. Tier 1 is equal to 95 percent of the combined Annual Renewal Amounts for all projects eligible for renewal.

Below you will find the Tier, Rank, Funding Requested, Reallocation Amount (if applicable in red), Funding Approved information, and your points from the scoring rubric for your renewal project

Tier 1 Rank 24	Volunteers of America of Western New York, Inc.	VOA Foundation House	\$279,877
---------------------------------	--	----------------------	-----------

All applicants will be sent the CoC Project Priority list that is posted on the CoC website.

Congratulations! We look forward to working with you in our continued efforts to end homelessness in Monroe County!

Sincerely,

Charles Bollinger

Per U.S. Housing and Urban Development (HUD) regulations, a primary responsibility of every Continuum of Care (CoC) is to prepare and submit an annual application in response to the HUD NOFA for CoC funding, through the McKinney-Vento Homeless Assistance Act. The process is competitive and must be collaborative and transparent.

Applying for CoC funding is a two-part process. The CoC will post a Request for Proposals (RFP) for local applications for renewal and new projects. The project applications will be reviewed and scored. Based on the amount of funding available to the CoC, projects will be ranked by score and placed on a Project Priority list that will be submitted to HUD for funding. The second part of the process is the CoC completing the Collaborative Application that will describe the structure and components of the CoC System, identify gaps in services and resources, provide the community's strategies for ending homelessness, and report on system-wide performance. The Collaborative Application and the Project Priority list are then electronically submitted to HUD for review and scoring resulting in the annual award of funding to the CoC.

Re: PSH/PCHO TBRA #2

Dear Nick,

It is our understanding that the Rochester Housing Authority and subrecipient Person Centered Housing Options Inc. are applying for PSH/PCHO TBRA #2, requiring in-kind match funds of \$49,444, which Huther Doyle is prepared to provide through our comprehensive healthcare services programs. Specifically, we will provide, but are not limited to, the following services: Health Home Care Management, Substance Use Disorder Treatment, Medication Assisted Treatment, Harm Reduction Medical Outreach, Peer Advocacy, Co-occurring Substance Use Disorder and Mental Health Treatment, Individual and Group Counseling, and Intake and Assessment Services. This is a voluntary service for all households and not a prerequisite or required by the program to receive housing.

This will be available to each household for the entire grant term; July 1, 2023 – June 30th, 2024.

RHA and PCHO will serve a minimum of 32 households and believe the average in-kind match for the Huther Doyle's services to be an average \$1545 per person per grant year. Healthcare services generally are at higher number in cost than reimbursed and we believe in-kind match will exceed this total cost. The total in-kind match is \$49,444.00

Thank you for this opportunity and to allow us to provide these services to the community.

With care,

Memorandum of Understanding

Between

Volunteers of America of Western New York And
Jordan Health

This Memorandum of Understanding (MOU) outlines the terms and understanding between:
Volunteers of America of Western New York (VOAWNY) and Jordan Health.

Grant Name: TBD (Health Care Partnership Proposed Program)

Grant Number: TBD

Contract Year: TBD

Recitals

VOAWNY offers housing assistance and support services to homeless and formerly homeless individuals and families with a disability with grant funding from the US Department of Housing and Urban Development, the Rochester/Monroe County CoC, and other state and local sources.

Whereas, each household in the VOAWNY programs will have specific goals identified throughout their participation to ensure housing stability and increased self-sufficiency. VOAWNY will require the assistance of third party providers to help achieve the goals of each household and prevent repeat episodes of homelessness.

Whereas, funding sources for the VOAWNY programs require a written document with third party providers that establishes a commitment to the services they are willing and able to provide and to the estimated number of households that could be assisted over the grant term.

Whereas, Jordan Health plans to provide services for individuals and families as referred by the VOAWNY program ("Referrals"). Services to be provided include behavioral health, dentistry, primary care, care coordination, peer support and dietitian. Other services may be provided dependent on the needs of the client. Estimated services to be provided are 87 Primary Care Visits at \$150 per visit for a total of \$13050. 173 Behavioral Health Visits at \$150 per visit for a total of \$25,920. 58 Dental Visits at \$100 for a total of \$5800. Combined total of estimated services provided equals \$44,770.

Now, therefore, the two parties agree:

1. VOAWNY will refer individuals and households to Jordan Health for medical and behavioral health services for the purposes of this match requirement
2. VOAWNY will track total referrals for match purposes
3. VOAWNY will verify with Jordan Health, upon appropriate release of information, if services were provided for sake of verifying match requirements.

This MOU shall become effective upon execution and will end on the grant completion date of TBD.

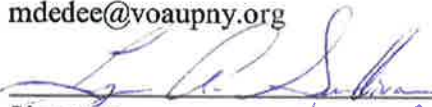

5/25/21

This MOU is at-will and a request to modify or terminate this agreement may be made by either party at any time.

This MOU is not a commitment of funds by either party.
