

Center for
**COMMUNITY
ALTERNATIVES**

Youth Recovery Program

As a Recovery Center, one of our primary goals is to create a dynamic space where youth can heal from trauma and channel their frustrations into art and activism. We are committed to offering a wide array of artistic opportunities while also developing workforce skills. By nurturing technical talents in areas like DJ'ing, songwriting, and recording, we aim to foster creativity and provide essential coping mechanisms, allowing youth to express their inner thoughts, feelings, and realities.

- **Music courses**
- **Support groups**
- **Recreation & gaming**
- **Food, snacks, and drinks**
- **Computer access**
