

Shelter Task Force Community Webinar

The Monroe County Shelter Task Force was convened in March 2020 to develop a collaborative response to address the needs of persons residing in emergency shelters in Monroe County, NY during the COVID-19 pandemic. Representatives from Monroe County, the City of Rochester, emergency shelters, health care providers, and others came together to craft a plan to ensure shelter residents and staff would remain safe; symptomatic individuals would be quickly moved to alternative locations; and mechanisms were in place to identify those at highest risk for serious complications should they contract the virus. **The Task Force is holding a community webinar on Wednesday, May 26 from 10:00-11:00 AM** to provide more detail about the work that has been accomplished over the past 14 months. We hope you can join us!
